**2007-2009** MFA Fine Art in University College London. I did my master course with Photography, video art, and Conceptual art. My subject areas are about Iranian culture and illustrate Iranian poetry and women. Moreover I interested in work in dark and light area. Now, I shot model for fashion and art photography in studio.

**2005-2007** Photography course in a private studio. I am able to take photos with Manuel and digital cameras. And also, work in dark room to develop and print Black and white and colour photos. I have continued by myself.

**1996-2000:** Azad University (Central organization). Bachelor of Art, Major: General Painting. My subject area was about women, city and building and deformed forms of building which sometimes influenced the inside space and outside on mosques. I was interested to Expressionism and Abstract in my painting. My thesis was about designs and ornament on carpet in miniature of Iran.

**2000** Pottery course in Centre of Art Tehran. It was just more experience for me in 4 months.
